## Longfellow Library Mural

The construction happening at our school has opened up a great opportunity for students and their families to become part of Longfellow's legacy. Two talented artists from our community are currently planning a new mural for our library. To raise funds for the mural, your family has an opportunity to purchase a customizable book spine that will be painted into the mural. You can get creative and develop your own clever book title or keep it simple with your family's name. It's up to you!

This mural will be a part of Longfellow for years to come and your family's generous donation will help make it great. The estimated cost of the mural will be \$10,000.

There is a limited amount of space so only 200 book spines will be sold and each book spine will cost \$50. Sale ends June 7, 2019.
